(Carried unanimously)

Upon motion of Mr. Greene, seconded by Mrs. D'Angelo, the following resolution was unanimously adopted:

BE IT HEREBY RESOLVED pursuant to N.J.S. 10:4-13 and 10:4-12 that the Bloomfield Board of Education hold a closed session on January 25, 1982 at the close of the regular meeting regarding personnel and litigation matters.

It is expected that the discussion undertaken in this closed session can be made public at the time official action is taken.

A Board conference followed.

Director of Buildings and Grounds Sutton reviewed a plan for North Junior High School field layouts proposed by the Bloomfield National Babe Ruth League.

The Board considered Super Reader Week at Berkeley School, a letter of thanks from the Brookdale School staff regarding a January pay date change, a draft copy of a NJSBA racial imbalance criteria study committee survey form and the Essex County School Business Officials 1981 expenditures report.

The Board considered the tentative 1982-1983 school budget and specifically discussed the implications of a capital outlay question for buildings and grounds rehabilitation projects.

Upon motion of Mr. Greene, seconded by Mrs. D'Angelo, the Board agreed to return those capital outlay items totalling $217,000, which were initially removed from the current budget, back to the current budget.

(Carried unanimously)

The Board discussed a mathematics program presentation scheduled for the February 8th Board meeting.

Mr. Harney requested a planning calendar for Board review of the 1982-1983 budget.

Superintendent Morris outlined a proposed reorganization of the track coaching staff at Bloomfield High School. Following discussion, the Board agreed to a reorganization of this staff, with one head coach and three assistants for co-ed track, replacing a head coach for boys and a head coach for girls, each with one assistant. This plan will be tried for a one year period.

At 9:45 p.m., the meeting was reopened to public questions. There were none.

President Taffet reminded the public that its input to criteria for the Board to consider in the matter of the Superintendent vacancy would be welcomed at each Board meeting.

The Board received public school fire drill reports for the month of December, 1981.

There being no further business to come before the Board, this meeting was adjourned at 9:46 p.m.

Respectfully submitted,

Richard L. Harvey

Mr. Hardy explained in detail that while he and his staff agreed that a relocation of the EMR Program from Forest Glen School to Demarest School as proposed by the Citizens Advisory Committee was physically possible, he felt strongly that such a program move would destroy the sense of "family" built up over the years in the Forest Glen location. Mr. Hardy urged the continuation of the EMR Program at Forest Glen School.

Dr. Iradi reviewed the advantages and disadvantages of the EMR Program being relocated to Demarest School.

An extensive period of questions and answers followed involving Board members and staff members present.

Assistant Superintendent of Schools Joseph Bongiorno introduced a program dealing with Curriculum Enrichment Activities.

William Icklan, an Academically Talented teacher, reviewed the Bloomfield Academically Talented Program for the public. He reported on the Johns Hopkins Talent Search, a three day convocation involving urban center studies, Academically Speaking, sponsored by the Montclair Public Schools, Olympics of the Mind, and the New Jersey Young Filmmakers Festival at NJIT. Bloomfield students participate in all of these programs.

President Taffet reported the Board had been advised by the State Department of Education that state aid anticipated for the school year 1982-1983 had been reduced. Board Secretary Harvey distributed an analysis of this reduction in state aid showing a shortfall in Bloomfield of $573,120.

Superintendent Morris reviewed a revised budget cap worksheet dated March 1, 1982 showing how the proposed 1982-1983 budget would be above cap by $36,061 as a result of the state aid cutback. He explained how the initially proposed budget would increase the school tax rate twenty-two points in 1982 and how the $573,120. reduction in state aid could add as much as six more tax points.

The Board agreed to schedule a Special Meeting on Thursday, March 4, 1982 for the purpose of considering the impact of the state aid reduction on its proposed 1982-1983 budget.

Board Secretary Harvey reported that the Bloomfield Fifth Quarter Club had extended invitations to a Welcome for Coach Biscaha on March 21, 1982 at the Sacred Heart School auditorium from 3:00 p.m. to 7:00 p.m.

The Board received a fire drill report for the month of February, 1982.

Board members received copies of "We Can Do in 82", a seven page handout which was used at the Home and School Annual School Election conference on March 3, 1982.

Board Secretary Harvey reported that the State Board of Education had decided to eliminate proposed implementation of the Program Oriented Budget (P.O.B.) in New Jersey school districts.

Upon motion of Mrs. Hutchison, seconded by Mr. Harney, the following resolution was unanimously adopted:

BE IT HEREBY RESOLVED pursuant to N.J.S. 10:4-13 and 10:4-12 that the Bloomfield Board of Education hold a closed session on Thursday, March 4, 1982 at the close of the Special Meeting regarding personnel and legal matters.

It is expected that the discussion undertaken in this closed session can be made public at the time official action is taken.

The Board discussed a resolution received from the North Plainfield, New Jersey, Board of Education urging the Governor and the Legislature to restore the New Jersey legal drinking age to age 21, and agreed to draft a companion resolution for consideration on March 8, 1982.

The Board considered a letter from Mrs. Doris Gawley. The Superintendent outlined a proposed reply to this letter.

The Board considered the impact of a $571,000. reduction in State Aid on the 1982-1983 budget. Board Secretary Harvey reported a telephone conversation with a representative of the New Jersey School Boards Association on March 4, 1982 advising Boards not to reduce budget appropriations in the amount of this reduction. This position is supported by the New Jersey Association of School Administrators (NJASA).

Options for the Board suggested by the New Jersey School Boards Association included:

1. Proceed with full State Aid as anticipated. If the State Aid is not restored, the budget will have to be reduced in the future.

2. Anticipate reduced State Aid and increase the local tax levy. In this case, if funds are later restored by the State Legislature, the Board would receive the full amount of State Aid. The anticipated local tax levy would than result in a surplus balance, which would have to be applied to the following year's budget.

Mr. Harvey explained that written confirmation of his discussion with NJSBA is expected shortly.

The Board Secretary determined that March 17, 1982 will be the final decision date for Board action on the 1982-1983 budget.

Superintendent Morris reviewed possible professional staff reductions which the Board might consider if required to reduce the proposed budget. The Board considered worksheets C-2 and C-4. A worksheet from a staff conference on March 4, 1982 outlining possible reductions totaling $354,180. was reviewed.

President Taffet recommended the Board defer further action on the budget reduction until a formal directive was received from the New Jersey School Boards Association.

There being no further business to come before the Board, this meeting was adjourned at 10:34 p.m.

The Board considered a discussion of the 1982-1983 tentative budget and in particular, a state aid reduction of $573,120. The New Jersey School Boards Association memorandum of March 5, 1982 regarding proposed state aid cuts was reviewed in detail and the advantages and disadvantages of following the recommendations contained therein were considered. After this discussion, the Superintendent recommended leaving the budget intact as originally proposed. The Board considered this recommendation and upon motion of Mr. Greene, seconded by Mrs. Hutchison, moved to retain the tentative 1982-1983 budget in its original form and amount proposed.

The question was called and the vote was 6-Yes, 0-No and one abstention by Mr. Harney. Motion carried.

The Board discussed the format for the public budget hearing on March 15, 1982.

Upon motion of Mrs. D'Angelo, seconded by Mr. Greene, the Board unanimously moved to cancel a Board meeting formerly scheduled for Thursday, March 11, 1982.

Board member Kenneth Greene informed the Board that Assembly Bill A706 was now on the Assembly floor. This bill would make employee disciplinary procedures subject to the negotiations process and would thereby downgrade the tenure system. Mr. Greene stated his opposition to this bill.

Mr. West discussed the earlier appeal made at the beginning of the meeting by a Senior High School parent on behalf of her daughter. Mr. Harney questioned the procedures presently being followed to assist students who fail subjects in Bloomfield High School.

There being no further business to come before the Board, this meeting was adjourned at 11:46 p.m.

A public hearing on the proposed budget for the school year 1982-1983 was held on Monday, March 15, 1982 in the cafeteria of Bloomfield Senior High School.

This meeting was called to order at 8:00 p.m. by President Taffet.

The following meeting notice was read:

> The time, date, location and agenda of this meeting were mailed to the INDEPENDENT PRESS, the NEWARK STAR LEDGER and the HERALD NEWS on February 11, 1982, posted on the bulletin board in the lobby of the School Administration Building on February 11, 1982, and delivered to the Township Clerk of the Township of Bloomfield on February 12, 1982.

Board members present were:	Mrs. Hilda R. Taffet
	Mrs. Kathleen Hutchison
	Mrs. Annette D'Angelo
	Mr. Kenneth Greene
	Mr. Robert Harney
	Sister Ellen M. Kenny
	Mr. Kent Roth

Staff members present were:	Mr. Robert E. Morris
	Mr. Joseph A. Bongiorno
	Mr. Richard L. Harvey
	Mr. George L. Sutton
	Mrs. Hazel P. Thompson, Administrative Assistant

There were 37 interested citizens present.

The President requested the Secretary to note for the minutes that the proposed budget in the amount of $20,139,483.52, and the date of the public hearing were duly advertised in the March 4, 1982 issue of the Independent Press and that the budget in detail had been available for examination by the public at the Board of Education office.

Board President Taffet presented an overview of the budget. Superintendent Morris introduced staff members who explained portions of the tentative budget. Assistant Superintendent Bongiorno reviewed curriculum, class size, and new programs. Director of Buildings and Grounds Sutton reviewed operation and maintenance. Board Secretary and School Administrator Harvey reviewed fixed charges, transportation, food services and community services.

At 9:11 p.m. the hearing was opened for public questions on the budget. Several citizens asked questions and responses were given by staff and Board members.

At 10:03 p.m. a report on the current status of a reduction in state aid was made. President Taffet gave background on the topic. Superintendent Morris explained how the Board had first received advice in November and December as to the amount of 1982-1983 state aid to expect and used these amounts in building the tentative budget. Effective March 1, 1982 the State Department of Education was notified by the Governor's office of a $65,000,000 reduction in overall state aid to public education with Bloomfield's share of this reduction being $573,120, or a 12% reduction. The Board's problem is that it has designed a budget built on the needs of the community and now faces a shortfall of $573,120.

Among the alternatives open to the Board are:

1. Add six tax points to the local tax levy.

2. Keep the budget in its present amount and form and hope for a full or a major restoration in state aid by the State Legislature.

3. Appeal to the taxpayers in a special referendum in spring of 1982.

Superintendent Morris reported to the Board on the Essex County Superintendents meeting held today and advised the Board that resolutions are being sent to the State asking for a restoration of the original levels of funding.

The Superintendent explained that the reduction amounted to almost $100 per pupil in Bloomfield and that this was the third largest per pupil loss in Essex County. He stated that the Bloomfield Board planned to appeal to members of the State Senate and Assembly to restore these funds and he urged that letters be written by citizens to their State Legislators.

President Taffet explained that many districts were planning to present their original budgets to the voters on April 6, but that Bloomfield would not vote on its budget tonight. A special meeting has been set for Wednesday, March 17, 1982 to consider and vote on this budget.

Additional questions followed from the floor.

Board Secretary Harvey reminded the public that Tuesday, April 6, 1982 had been set for the date of the Annual School Election and that there were five candidates for three 3 year terms.

President Taffet announced that the Board meeting on March 22, 1982 would be held in Carteret School. She stated that April dates remained to be set.

At 10:31 p.m. the meeting was opened to general comments or questions. Several Watsessing School parents, whose spokesman was Mr. Arthur Leobold expressed their concern about a change in the status of Locust Avenue in the vicinity of the Peerless Tube Corporation property. They explained how a change in ordinance had

permitted this street to be vacated for use by Peerless Tube and that large sliding gates had been installed apparently to close off Locust Avenue. Several specific fears for the safety of the school children were expressed by the parents.

President Taffet recommended that these questions be addressed to the Mayor and Town Council.

Additional discussion followed on these concerns. Again President Taffet urged that the questions be addressed to the governing body, and asked the parents to keep the Board advised of their activity.

The Board received Suspension Reports and Alternate School Program Reports for the month of February for Bloomfield High School, for North Junior High School and for South Junior High School.

The Board also received a report on "Colleges and Other Institutions Attended by the Bloomfield High School Class of 1981".

There being no further business to come before the Board, this public hearing was adjourned at 11:00 p.m.

Respectfully submitted,

Richard L. Harvey

BE IT HEREBY RESOLVED pursuant to N.J.S. 10:4-13 and 10:4-12 that the Bloomfield Board of Education hold a closed session on Wednesday, March 17, 1982 at the close of the Special Meeting regarding negotiations, litigation, personnel and student personnel matters.

It is expected that the discussion undertaken in this closed session can be made public at the time official action is taken.

The Secretary reviewed a detailed memorandum to the Board dated March 17, 1982 regarding a deficit in the debt service account which could result from an unexpected reduction in state aid for the school year 1982-1983. Board members also received copies of Statutes 18A:24-57 and 24-58 dealing with the payment of interest and principal from taxes.

President Taffet reviewed for the public the Board's problem resulting from an unexpected reduction of $573,120 in state aid originally anticipated for the 1982-1983 budget, and alternatives available to the Board to deal with this problem.

Superintendent Morris read a resolution calling on the State Legislature to restore a total of $65,000,000. in state aid for public education. This resolution was discussed in detail and action was deferred to permit its rewording. Superintendent Morris stressed the need for members of the public to write personal letters to their legislators urging the full restoration of state aid to education.

The meeting was opened to public questions at 9:00 p.m. One was raised regarding the proper method of calculating the tax point increase which a $573,120 state aid reduction could cause if the Board had decided to add this amount to its budget. Questions were also raised regarding the Board's alternative plans to meet the $573,120 deficit if the state legislature does not act favorably.

A recess was declared at 9:05 p.m.

This meeting was reconvened at 9:26 p.m.

Board members present were:	Mrs. Taffet
	Mrs. Hutchison
	Mrs. D'Angelo
	Mr. Harney
	Mr. Roth
	Mr. West
Absent:	Mr. Greene
	Sister Kenny
	Mr. Laricha
Staff members present were:	Mr. Morris
	Mr. Bongiorno
	Mr. Harvey
	Mr. Sutton

The Board considered a conference agenda prepared by the Superintendent of Schools which included the following topics:

a. Special education placements (Case #6320 and case #7469).

b. The resignation of an Oak View teacher who had been on maternity leave of absence.

c. An overnight field trip for a football camp to be held from August 31 to September 4, 1982 in Greeley, Pa.

d. A maternity leave of absence for a teacher at Demarest School.

e. Secondary school spring interscholastic sports schedules to be approved on March 22, 1982.

f. A letter received from the Bloomfield Football Boosters.

The Board discussed the vacation of part of Locust Street by the Township governing body for use by the Peerless Tube Company. Superintendent Morris reported that he had spoken with the president of Peerless Tube and was advised that new gates installed at Locust Avenue will be left open during daylight hours. The president of Peerless Tube indicated to the Superintendent that he would be pleased to meet with a representative group of parents to discuss mutual problems. The Superintendent also reported he had been advised that no hazardous materials are carried by trucks servicing the Peerless Tube Company, that no change in the routing of trucks into the property was anticipated by the corporation and that in the opinion of the corporation president, the east end of Locust Avenue is not a particularly appropriate exit when flooding from Wigwam Brook occurs. Superintendent Morris further reported that this situation had been reviewed by the Director of Health, Physical Education and Safety with the traffic safety officer of the Bloomfield Police Department. The police department sees no increased hazard resulting from Locust Avenue changes, but did agree to monitor the situation.

Assistant Superintendent of Schools Bongiorno distributed copies of a schedule for "Academically Speaking", one of the academically talented programs in which Bloomfield pupils participate.

The Board considered a conference agenda prepared by the School Business Administrator and Secretary to the Board which included the following topics:

a. Regular action items for the meeting of March 22, 1982.

b. Consideration of a date for the annual organization meeting for the Board of Education.

c. Correspondence from citizens concerning the Board's decision not to close Forest Glen School in 1982-1983.

d. An agenda for the regular Board meeting at Carteret School on March 22, 1982.

Board members received copies of an outline prepared by the Racial Imbalance Criteria Study Committee of the New Jersey School Boards Association dated February 16, 1982 and minutes of a meeting of that committee dated February 4, 1982. Also included was the first draft of a study committee report prepared by this committee.

The Board reviewed open dates for an organization meeting and upon motion of Mr. Roth, seconded by Mr. Harney, set Tuesday, April 13, 1982 for this purpose. The question was called and the vote was 5-Yes, and 0-No and one abstention by Mrs. Taffet.

The Board Secretary was directed to prepare an annual meeting schedule for meetings every Monday night except July and August.

The public was reminded that the Annual School Election would be held on Tuesday, April 6, 1982 from 1:00 to 9:00 p.m.

At 10:30 p.m., the meeting was reopened for public questions. There was one concerning the details of the computer education program at Bloomfield High School. A reply was given by Assistant Superintendent Bongiorno.

There being no further business to come before the Board, this meeting was adjourned at 10:34 p.m.

Respectfully submitted,

Richard L. Harvey

The following resolution was read by the Superintendent:

RESOLUTION

WHEREAS, the Board of Education is charged with fulfilling the mandates of State Statutes and is obliged to provide a Thorough and Efficient education for the children of Bloomfield; and

WHEREAS, its members have labored for many weeks in the development of a just and reasonable budget responsive to the needs of the children of Bloomfield, which budget was developed in reliance on State Aid entitlements previously announced in December; and

WHEREAS, the Governor has chosen to reduce State Aid to education by some $65,000,000, which reduction has resulted in a loss to Bloomfield of $573,120, the largest parts of said reduction being in Equalization Aid which was intended to equalize educational inequities emanating from economic disparity among communities and in Compensatory Education Aid which provides assistance to educationally disadvantaged students; and

WHEREAS, notification of reduction of said State Aid was not received until March, well after the budget building process had been completed and the budget verified for public advertisement in the Township newspaper of record; now therefore be it

RESOLVED, that the Board of Education of the Township of Bloomfield urges the Governor to restore to the State Budget those reductions in Equalization Aid and State Compensatory Aid that were instituted in response to the Robinson vs. Cahill decision designed to equalize educational opportunities for the children of this State and to ensure their Constitutional right to a Thorough and Efficient education; and be it further

RESOLVED, that the Secretary of the Board of Education shall forward forthwith a copy of this Resolution to: the Governor of the State of New Jersey, the Joint Appropriations Committee of the State Legislature, the Senator representing the 30th. Senatorial District and the Assemblymen representing the 30th. Assembly District.

President Taffet congratulated Board member Kenneth Greene for the excellence of his service during two terms of office and stated that this would be his final Board meeting. She thanked him for his outstanding efforts and the quality of his accomplishments as a member and Vice President of the Board. Her sentiments were echoed by Mrs. Hutchison, Mrs. D'Angelo and Sister Kenny.

President Taffet also complimented Board member Leonard Laricha, unable to attend this meeting because of illness, for his devoted work on behalf of the school children of Bloomfield during his terms as a Board of Education member.

At 9:00 p.m., a brief summary of the 1982-1983 school budget was made. This presentation was made by Mrs. Taffet, Mr. Morris, Mr. Sutton and Mr. Pellegrino.

The meeting was then opened to public questions. A number of interested citizens expressed their concerns to the Board about the recommendation made in the Citizens Advisory Report to the Board that South Junior High School be closed for reasons of economy. Mr. Paul Perillo acted as the spokesman for a number of parents present. He detailed several reasons for supporting the continued operation of South Junior High School and presented the Board with 377 copies of a letter dated March 17, 1982 signed by school parents or interested citizens, voicing this support. A number of other persons present echoed Mr. Perillo's sentiments. President Taffet explained that the Board had not considered the closing of South Junior High School and has no plan to do so at this time. She stressed that the Board will not take action harmful to any school child in Bloomfield. She thanked Mr. Perillo for his effort and for the letter presented for Board consideration.

Mr. Roth voiced concern about the north vs. south sentiment expressed by one speaker and stressed that only what is best for all of the children in Bloomfield, regardless of where they reside, is considered by the Board in making decisions.

Mr. Greene reassured the public that the location of a Board member's residence has no bearing on the decisions made by the Board and that every issue is seriously studied and considered regardless of which school may be involved.

Sister Kenny reviewed for the public the need for the Master Plan for Educational Facilities, prepared by the consulting firm of Englehardt and Englehardt. She stressed that the Board and the Administration will be very careful in all decisions in the future, as they have in the past, to avoid the neglect of children. She assured the public that the Board would not treat children badly.

Mr. Perillo stated that his group was opposed to the Citizens Advisory Committee recommendation only, not to the Board, its members nor the budget.

Mr. Harney stated that he was not in favor of closing schools. He explained the manner of calculating the functional capacity of a secondary school.

Mr. Perillo suggested that school budget defeats in the future might force the closing of a school. Mr. Harney, in recalling the closing of Brookside School, stated that such a position was regarded as not fair; that the children come first and that regardless of success or failure of future budgets, Boards must avoid taking out bitterness on children.

Additional comments were made in support of the continued operation of South Junior High School.

President Taffet thanked the Home and School Association of Carteret School for its hospitality and thanked all those in

attendance at tonight's meeting.

There being no further business to come before the Board, this meeting was adjourned at 10:25 p.m.

Respectfully submitted,

The Board considered an agenda prepared by the Superintendent of Schools and took the following action:

Upon motion of Mr. West, seconded by Mrs. Horowitz, the Board approved the following award:

The family of the late Charles E. Morgan, former Vice-Principal of Bloomfield Senior High School, would like to present an annual scholarship award of $500.00 to a graduating senior. The criteria will be based on a student's achievement in the area of social science (Mr. Morgan was a former social science teacher), as well as character, academic excellence and financial need.

(Carried unanimously)

Upon motion of Mr. West, seconded by Mr. Harney, the Board designated the week of May 10 through May 14, 1982, as Bloomfield School Safety Awareness Week. This designation is a spinoff from the Bloomfield Safety Day which is Saturday, May 8, 1982.

During the week of May 10, school personnel will participate in the following safety awareness activities:

1. Semi-annual inspections of physical education equipment in secondary schools.
2. Annual Industrial Arts safety inspections in secondary schools.
3. Semi-annual building self inspections.
4. Principals' review of building security.
5. Home Economics safety inspections.
6. Science laboratories safety inspections.
7. Business education safety inspections.
8. Review of elementary school lunch hour safety practices.

While these activities have been carried out each year at various times, we believe that concentrating on them during this one week period will focus more attention on our goals of safety awareness in our total school operation.

(Carried unanimously)

Upon motion of Mrs. Horowitz, seconded by Mrs. D'Angelo, the Board approved the recommendation that we renew our contract with the Essex County Educational Services Commission, to provide auxiliary services to non-public school pupils as provided for under N. J. Public Laws of 1977, Chapters 192 & 193. The services to be rendered will be in the area of Compensatory Education, English as a Second Language, Supplemental Instruction, and Corrective Speech. It is recommended that the President and Secretary of the Board of Education be authorized to execute the Instructional Services Agreement provided by the Essex County Educational Services Commission. This contract is for 1982-1983.

(YES- 7, NO- 0, ABSTAIN- 2 - Sister Kenny and Mrs. Hutchison)

(Motion carried)

Upon motion of Mr. Roth, seconded by Mrs. Hutchison, the Board approved the appointment of Josephine A. Macaluso as a teacher at Demarest School, to be effective on April 26, 1982, and to be compensated at a salary based on the first step of the B.A. level of the Salary Guide for teachers. (Replacement for Elaine Thomson)

(Carried unanimously)

Upon motion of Sister Kenny, seconded by Mrs. Horowitz, the Board approved the recommendation that personnel for whom we do not have a definite assignment in their area of certification for the school year 1982-1983, as of this date, be advised in writing before April 30, 1982. A listing of the personnel has been submitted to the Board of Education.

It is further recommended that the individual names of each staff member not be included in the public minutes of this meeting and that a listing of the personnel be filed in the Office of the Secretary of the Board of Education, as permitted by N. J. Statute.

The preceding recommendation is made due to a decline in enrollment, the fact that we have not received official notification of Federal Aid under P.L. 94-142 for next year at this date, the uncertainty of receiving our full State Aid entitlement, and due to the fact that several tenured teachers will be returning from leave of absence.

The roll was called and the result was:

YES

Mrs. Taffet
Mrs. Hutchison
Mrs. D'Angelo
Mrs. Cerone
Mr. Harney
Mrs. Horowitz
Sister Kenny
Mr. Roth
Mr. West

(Motion carried)

The Board discussed the matter of a $572,000 reduction in State Aid mandated by the budget proposed by Governor Kean. Superintendent Morris reported that the final determination of this problem might not be known until the end of June.

President Taffet reminded the public of the need for letters to be written to legislators urging restoration of State Aid to education cuts.

Superintendent Morris reported that a fact kit was being prepared dealing with this matter, to be distributed to Home and School Officers, teachers, principals and administrators.

The Superintendent reports that there are twenty-nine (29) pupils receiving home instruction during the month of April, in conformance with Board Policy #212. Eighteen (18) of these cases are due to medical reasons and eleven (11) are pending placement in a special education situation.

Assistant Superintendent Bongiorno reviewed curriculum enrichment activities including:

1. Academically Speaking on April 28, 1982.

2. Bloomfield Safety Day on May 8, 1982.

3. A school-wide art display at the Civic Center during the month of May.

4. The Essex County Consortium for Gifted and Talented on May 15 at the Livingston Mall.

Upon motion of Mrs. D'Angelo, seconded by Mrs. Cerone, the Board approved the second and final reading on the revision to the Attendance Policy:

BOARD OF EDUCATION POLICY

PROPOSED REVISION

Attendance

The Board of Education requires that the pupils enrolled in the schools of this district attend school regularly in accordance with the laws of this State. The educational program offered by this district is predicated upon the presence of the pupil and requires continuity of instruction and classroom participation. The regular contact of pupils with one another in the classroom and their participation in a well-planned instructional activity under the tutelage of a competent teacher are vital to this purpose.

Attendance will be required of all students enrolled in the schools during the days and hours that the school is in session unless it is shown to the satisfaction of the Board that the mental condition of the student is such that he/she cannot benefit from instruction or that the physical condition of the student is such as to prevent attendance at school. All absences occasioned by the observance of the student's religion on a day approved by the Board as a religious holiday, shall be excused, and no student so excused shall be deprived of an award or eligibility to compete for an award or the opportunity to make up a test, try out for an activity or select a course/program.

In accordance with statute, the Board shall require from the parent of each child or from an adult student who has been absent from school or from class for any reason a written statement of the cause for such absence. The Board reserves the right to verify such statements and to investigate the cause of each absence. The Board may report to appropriate authorities infractions of the law regarding the attendance of students below the age of 16.

Elementary School

Excessive absence without just cause shall be brought to the attention of the Office for Pupil Services and the Superintendent of Schools.

Secondary School

Review Panel

An attendance review panel shall be established in each school to review individual cases when absences exceed the attendance requirement. The Review Panel will make recommendations to the Building Principal. Consideration will be given when student illness is a contributing factor. Documented proof of illness may be required.

Absenteeism

Pupils absent in excess of eight (8) days during a one (1) semester course or sixteen (16) days during a full year course (excluding approved religious holidays, approved school related activities, approved personal emergencies, and death in the family) are not qualified to receive the assigned credit for that course.

The student's permanent record shall indicate WF (Withdrawn Failing), and no credit shall be earned.

Class Cutting and Truancy

Students who are absent from class without authorization while being in attendance on the day of that class absence shall be referred to the main office for cutting class. (A total of three (3) cuts in a course shall result in permanent removal from that course--with no credit earned

for that subject.) Pupils accumulating three (3) cuts in a course are not qualified to receive the assigned credit for that course. Students who are truant (absent from school without authorization) will receive cuts in each class missed that day.

The student's permanent record shall indicate WF (Withdrawn Failing), and no credit shall be earned.

In its negotiations with the Bloomfield Principals Association, the Bloomfield Education Association, the Bloomfield Secretaries Association and the Bloomfield Public Schools Service Association, the Board agreed to provide a Prescription Drug Program for employees in these categories effective July 1, 1982. A committee of two representatives from each of these associations and the members of the central administrative staff was formed to review proposals for this prescription drug coverage from various health benefits providers. After reviewing the various plans offered, the committee decided to make the following recommendations to the Board.

Upon motion of Mrs. D'Angelo, seconded by Mrs. Hutchison, the Board approved the following recommendations:

a. That all members of the central administrative staff, principals, teachers and secretaries be enrolled in a Prescription Drug Program underwritten by the Prudential Insurance Company of America in their plan called Plan A, for the monthly premium of $8.33. This premium will call for full family coverage and will require a $1.00 co-payment for each prescription obtained under this plan. This coverage is to be effective on July 1, 1982.

b. That all members of the custodial and maintenance staff be enrolled in a Prescription Drug Program underwritten by the Prudential Insurance Company of America in their plan called Plan A for the monthly premium of $10.42. This program will call for full family coverage and will require no co-payment on the part of the employee or his dependents for prescriptions obtained under this Prescription Drug Program. This coverage is to be effective on July 1, 1982.

The Board then reviewed budget worksheet C-2 "projected Elementary School Organization 1982-1983"

Following this review and after extensive discussion during which individual Board members expressed reservations about specific items recommended to be cut from the budget, the Board agreed that these proposals were realistic and would do the least amount of harm to operations in 1982-1983.

A recess was declared at 10:07 p.m.

This meeting was reconvened at 10:30 p.m.

Board members present were: Mrs. Hilda R. Taffet
Mrs. Kathleen Hutchison
Mrs. Josephine Cerone
Mrs. Annette D'Angelo
Mr. Robert Harney
Mr. Kent Roth
Mr. Richard West

Absent: Mrs. Diane A. Horowitz
Sister Ellen M. Kenny

Staff members present were: Mr. Robert E. Morris
Mr. Joseph A. Bongiorno
Mr. Richard L. Harvey
Mr. George L. Sutton

The Board briefly discussed the possibilities of returning to the voters for a special referendum to make up the amount of the budget cut and decided such a referendum would not be feasible.

President Taffet stressed the proposed reductions in the 1982-1983 budget were "not a betrayal of trust to the voters" since the final decision on state aid was beyond the control of the local Board.

Further discussion followed concerning the $573,120 reduction.

The Board approved the Superintendent advising certain non-tenured teachers who had previously been involved in a reduction in force that they would be rehired for the 1982-1983 school year, based on the recommendations above.

It was agreed that essential areas of communication dealing with a revised 1982-83 budget should include:

a. Press releases

b. Communication to Home and School Association leaders

c. Communication to all staff members

The Board then considered an agenda prepared by the Superintendent of Schools and took the following action:

Upon motion of Mr. Roth, seconded by Mrs. Hutchison, the Board approved the appointment of Caroline J. McGovern as a part-time teacher of Science (2/5 of contract) at South Junior High School for the school year 1982-1983, and to be compensated at a salary based on the first step of the B.A. level of the Salary Guide for Teachers.

Upon motion of Mr. Harney, seconded by Mrs. Cerone, the following resolution was unanimously adopted:

BE IT HEREBY RESOLVED pursuant to N.J.S. 10:4-13 and 10:4-12 that the Bloomfield Board of Education hold a closed session on Monday, July 12, 1982 at the close of the special meeting regarding personnel and individual student matters.

It is expected that the discussion undertaken in this closed session can be made public at the time official action is taken.

The following conference items were reviewed:

1. Budget revision for 1982-1983

2. Letter from recycling coordinator of the Township of Bloomfield. The Board discussed a second request from the Township to use the Board's bulk mailing permit to distribute a recycling brochure in Bloomfield.

3. Director of Buildings and Grounds Sutton reported that on June 28, 1982 the Environmental Protection Agency (EPA) had issued a final rule requiring that an asbestos control program be maintained in school buildings containing friable asbestos. This rule requires school districts to notify employees of the location of the asbestos and possible risks associated with it, to provide employees with instructions on reducing exposure to asbestos and to notify the school parent-teacher association of this matter.

Mr. Sutton reported the results of a survey made in 1977 which determined the only friable asbestos in the Bloomfield was ceilings in the boiler rooms at Carteret, Forest Glen, Franklin, Oak View and Watsessing schools. He explained that as a result of having attended an all day training program on "Asbestos Risk Assessment, Removal and Handling" conducted by the New Jersey State Safety Council on June 30, 1982, a re-inspection of these 5 buildings using the new EPA rules would be conducted and the results reported to the Board.

Details of a proposed revision in the attendance policy were discussed.

The next meeting date of the Board was established for July 19, 1982.

There being no further business to come before the Board, this meeting was adjourned at 12:02 a.m. on July 13, 1982.

Respectfully submitted,

Upon motion of Mrs. D'Angelo, seconded by Mrs. Cerone, the Board voted to hold a closed session at the end of the special meeting, and the following resolution was read:

> BE IT HEREBY RESOLVED pursuant to N.J.S. 10:4-13 and 10:4-12 that the Bloomfield Board of Education hold a closed session on Monday, July 26, 1982 at the close of the special meeting regarding individual student matters.
>
> It is expected that the discussion undertaken in this closed session cannot be made public in the foreseeable future.

(Carried unanimously)

Superintendent Morris reported receipt of information from the Commissioner of Education regarding Public Law 94-142 funds; that 1982-1983 funding in Bloomfield would be increased from $120 per child ($89,520) to $170 per child (plus $37,000) in Bloomfield. He recommended that a reapplication date be established for action, particularly because of new pre-school, handicapped pupils survey cost implications for the 1983-1984 school year.

President Taffet called for public questions and comments; there were none.

A recess was declared at 10:25 p.m.

At 10:38 p.m. this special meeting was reconvened.

Board members present were: Mrs. Hilda R. Taffet
Mrs. Kathleen Hutchison
Mrs. Josephine Cerone
Mrs. Annette D'Angelo
Mr. Robert Harney
Mrs. Diane A. Horowitz
Mr. Kent Roth

Absent: Sister Kenny
Mr. Richard West

Staff members present were: Mr. Robert E. Morris
Mr. Richard L. Harvey
Mr. George L. Sutton

Absent: Mr. Joseph A. Bongiorno

Board Secretary Harvey discussed with the Board receipt of a request from an assistant principal at Seton Hall Secondary School for the Bloomfield Board to pay the maximum transportation reimbursement of $363.64 to all Seton Hall students from Bloomfield, regardless of the school bus ticket rate. Mr. Harvey reported this was not feasible in terms of his interpretation of the statutory requirements for reimbursement nor within the 1982-83 budget.

Board Secretary Harvey reported that bids for typical transportation were being prepared and it might be feasible to include a Seton Hall route, based on the lowest cost to the Board.

Director of Buildings and Grounds Sutton reported Essex Paving Company had returned to Brookdale School and Carteret School to fill wide cracks in the playground and parking lots at these locations with a solid FABS asphalt mixture, thereby reducing the problem of tracking of liquid crack filler.

The Board scheduled meetings for August 16 and August 30, 1982.

There being no further business to come before the Board, this special meeting was adjourned at 11:00 p.m.

Respectfully submitted,

Richard L. Harvey

President Taffet called attention to a recent article prepared by the New Jersey School Boards' Association dealing with emergency legislation to provide full funding for the 1982-1983 school year and urging a special session of the State Legislature to deal with this problem in New Jersey public schools.

President Taffet also reported that the Delegates Assembly of the New Jersey School Boards' Association has scheduled a special meeting on September 11, 1982 to deal with the matter of full funding for 1982-1983.

The Board considered an agenda prepared by the School Business Administrator and Secretary to the Board of Education and took the following action:

Upon motion of Mr. West, seconded by Mrs. Cerone, the Board approved of Change Order #1 on the contract with Dyer Insulation Company of Rockaway, N.J. on their contract for insulation work at Franklin School, in the amount of $1,750. This change order allows for the placement of insulation in the attic over the rear half of Franklin School. At the time Dyer did the front half of the building at Franklin School, it was found that it would be possible to place fiberglass insulation in the rear half by the blow-in method, rather than insulating the rear part of Franklin School via suspended acoustical ceilings as orginally planned. This change will save us $6,393.00 over the amount budgeted for the suspended insulation system.

(Carried unanimously)

Upon motion of Mrs. Cerone, seconded by Mrs. Hutchison, the Board approved the transfer of Mr. Damien Roszkowski from Assistant Custodian at Fairview School to the position of Carpenter in the Maintenance Department on Step II of the carpenter classification on the Salary Guide for Maintenance Personnel for the 1982-1983 school year. Seven candidates were interviewed for this position and Mr. Roszkowski was chosen as the most suitable for this job. This transfer is effective September 1, 1982.

Upon motion of Mrs. Hutchison, seconded by Mrs. Cerone, the following resolution was unanimously adopted:

BE IT HEREBY RESOLVED pursuant to N.J.S. 10:4-13 and 10:4-12 that the Bloomfield Board of Education hold a closed session on Monday, August 30, 1982 at the close of the special meeting regarding litigation and grievance matters.

It is expected that the discussion undertaken in this closed session can be made public at the time official action is taken.

At 8:45 p.m., a Board conference began. The following topics were discussed:

A recent change in the 1982 Bloomfield High School football schedule, adding a home game with Seton Hall Preparatory School on October 30, 1982 and cancelling an away game with Millburn High School on the same date.

At 8:47 p.m., Mrs. Horowitz arrived.

President Taffet discussed the special Delegate Assembly of the New Jersey School Boards Association called for September 11, 1982 and directed that the notice for this assembly be distributed to Board members for consideration at a meeting on September 7, 1982.

President Taffet polled the Board on three responses to a questionnaire received from the Essex County School Boards Association, dealing with legislative input and updates.

The Board discussed school crossing guard assignments relative to a reduction in force in the Bloomfield Police Department.

Board Secretary Harvey discussed a future plan concerning leasing of musical instruments for pupil use.

Director of Buildings and Grounds Sutton reported that Oak View School would not be eligible for a New Jersey Department of Energy Grant since that building did not rank sufficiently high in fuel consumption in Cycle IV of the Energy Grant Program.

Board Secretary Harvey gave details of a joint purchasing agreement with the Wayne Board of Education for supplies necessary to support the Bloomfield High School computer operation.

The Board considered a letter received from Mr. Joseph Napolitano proposing a Kelly Tripuka Basketball School at Bloomfield Senior High School from June 27 to July 9, 1983. Board Secretary Harvey recommended a $3,000 fee for this program for ten days, based on weekly rather than daily rental rates.

The Board asked for additional information about this program including the ages of pupils involved, first preference to the Bloomfield students and possible schedule conflicts. The Board concurred that Mr. Napolitano be advised that the Board favored this program, if answers to the above questions were satisfactory.

The Board received a corrected notice of a meeting of the Essex County School Boards Association on Thursday, September 30, 1982.

Board Secretary Harvey discussed details of the National School Lunch Program for 1982-1983. He reported that he would direct the cafeteria operator to reduce a proposed 15¢ increase in the cost of the Type A lunch.

The Board agreed to take formal action on a request from Essex Academy that they continue to participate in the hot lunch program continuing a practice followed for the past two school years.

The Board received a letter from a Bloomfield Cavaliers Junior Drum and Bugle Corps and Association complimenting staff members who worked for a recent band competition at Foley Field.

President Taffet reported receipt of an invitation to a Bloomfield High School Football Family Picnic at Foley Field on September 11, 1982 sponsored by the Bloomfield Football Boosters.

At 9:35 p.m., the meeting was opened to public questions. Mrs. Elizabeth Reiss of Warren Street voiced conerns regarding the selection process for elementary basketball team members, for fifth and sixth grade required try-outs and concerning the award of prizes to pupils for good performance. Assistant Superintendent of Schools Bongiorno responded to Mrs. Reiss's concerns.

At 9:50 p.m., President Taffet spotlighted the fact that this was the final Board of Education meeting for retiring Superintendent Robert E. Morris. She recalled how Mr. Morris, as Board Secretary, swore her to her first oath as a new Board member and how her most recent major activity had been to participate in the Superintendent Search to select his successor. Mrs. Taffet explained that over the years she had come to regard Mr. Morris as a teacher, a leader, a mentor and a friend. She emphasized that in her opinion, he was a great teacher, a great leader, a great mentor and a strong friend. She complimented Mr. Morris on the great accomplishments made during his tenure in Bloomfield and congratulated him for the strong leadership he consistently displayed.

All other members of the Board complimented Mr. Morris on the caliber and excellence of his service to the children of Bloomfield.

Mr. August Prieto of Rawson Place, thanked Mr. Morris for his excellent service to the children of Bloomfield.

This is the first year of this newly instituted grant application procedure through which a number of prior programs have been consolidated.

The district is responsible, under program guidelines, for coordinating the application process for the local non-public schools, as well as for itself. A meeting was held on September 14, 1982, at which four non-public schools were represented. The allocation of funds under the program is as follows:

Bloomfield Public Schools	$22,304
Sacred Heart School	1,163
St. Thomas School	1,484
St. Valentine's School	838
Brookdale Christian School	789

Our portion of the grant allocation will be used to provide partial payment of the salary of one of our teachers in the academically talented program. The Board approved the utilization of block grant monies for this purpose as a result of state aid reductions discussed earlier in the year.

(Carried unanimously)

At 9:02 p.m., the meeting was opened for public questions.

A Watsessing School parent asked for the details on kindergarten enrollment there, and if a kindergarten aide would be assigned. He gave the background of instructional aide program in Bloomfield and explained the State Department ruling requiring the assignment of an aide to a kindergarten if the enrollment reaches twenty-six children and the requirement that at thirty children, the class must be divided in two sections. He assured the parent that aides would be interviewed and would be assigned at both Watsessing School and Demarest School kindergartens before the end of September. Additional dialogue followed regarding the scheduling of kindergarten classes based on the relative ages of children.

Upon motion of Mrs. Horowitz, seconded by Mrs. Cerone, the Board approved the recommendation that the Board of Education enter into a lease purchase agreement with the International Business Machines Corporation of Parsippany, N. J. for the lease purchase of two IBM Model 50 electronic typewriters for the contract sum of $3,700.00, payable in 24 monthly installments at the rate of $172.88. In addition to this monthly cost, we would also have to have a service contract on both of these electronic typewriters at a cost of $76.00 per month

total. The net monthly cost for the lease payment and the service contracts totals $248.88 and compares to a monthly rental payment of $414.00 for both typewriters, which we are presently paying. These typewriters were originally obtained on a rental basis under the Office Simulations Grant from the State Department of Education, Bureau of Vocational Education. However, the grant for 1982-1983 no longer funds these two units.

The Board considered an agenda prepared by the School Business Administrator/Secretary and took the following action:

Upon motion of Mrs. D'Angelo, seconded by Mrs. Cerone, the Board approved the second reading and adoption of revised Policy #706, Community Use of School Facilities, as follows:

No. 706
PROPERTY

COMMUNITY USE OF SCHOOL FACILITIES

The Board believes that the school facilities of this district should be made available for community purposes, provided that such use does not interfere with the educational program of the schools. The Board will permit the use of school facilities when such permission has been requested in writing and has been approved by the Board Secretary.

In weighing competing interests for the use of facilities, the Board will give priority in the order following:

a. Uses and groups directly related to the schools and the operations of the schools including student groups

b. Uses and organizations indirectly related to the schools including Home and School and adult school

c. Departments or agencies of the municipal government

d. Community organizations formed for charitable, civic, social or educational pruposes

e. Other governmental agencies

The following groups will be permitted to use public school buildings <u>without charge</u>:

1. Home and School Association (regular monthly meetings)
2. Home and School Council
3. Bloomfield Education Association

15. Bloomfield Summer Music School

16. Bloomfield Senior High School Music Parents Association

17. Advocates for Learning Disabled Adults, Bloomfield Chapter

All other groups except those listed above will be charged the prescribed rental fee for evening rentals. Other approved community groups may use public school buildings in the late afternoon without charge until the regular closing hour for that building (4:30 or 7:00 p.m.). This is based on the assumption that no custodial overtime will be required. The free use of school facilities by those organizations listed above does not apply when they sponsor an activity where admission is charged. The community/charity service charge would apply on these occasions.

The use of school facilities shall not be granted to non-residents of Bloomfield.

Organizations which have their official home base outside of Bloomfield but are represented by Bloomfield residents will pay the regular service charge in all cases.

THE BOARD OF EDUCATION WILL SUBSIDIZE ONE FUND RAISING ACTIVITY FOR EACH HOME AND SCHOOL ASSOCIATION AND THE SENIOR HIGH SCHOOL MUSIC PARENTS ASSOCIATION PER YEAR, TO A MAXIMUM OF TEN (10) CUSTODIAL HOURS. OVERTIME FOR OVER TEN (10) HOURS WILL BE PAID BY THE HOME AND SCHOOL ASSOCIATION OR THE SENIOR HIGH SCHOOL MUSIC PARENTS ASSOCIATION TO THE BOARD.

Discussion followed regarding the need for a method to provide Board members with more detailed information on bid specifications. It was agreed that a bid composite would be made available before each meeting for review by Board members.

Discussion followed regarding the appointment of personnel to coaching positions who are not teaching in the Bloomfield school system.

President Taffet opened the meeting to public questions or comments. There were none.

A conference of the Board followed.

The Board considered a request from the Bloomfield Adult School that the Board request its insurance carrier, Insurance Company of North America, to waive the Board's right of subrogation against the Bloomfield Adult School relative to any liability they might have for damage to the Board's property because of their use of the High School and North Junior High School. Mr. Harvey explained that for INA to implement such a request the Board must adopt a resolution specifically granting such a waiver to the Bloomfield Adult School. It was agreed to consider formal action on this matter on December 13, 1982.

Extensive discussion followed regarding a sound reinforcement system for the Board meeting room. A majority of Board members felt it would be inappropriate to purchase a sound system based on the two quotations received. It was recommended that other suppliers and sources be contacted in an attempt to obtain a lower price.

President Taffet read a letter from retired Superintendent Robert E. Morris thanking the Board for a recent retirement dinner honoring him. Mrs. Taffet also reported that retired Board member Kenneth Greene, honored at the same function, had expressed his thanks to her and to the Board.

The Board delegate to the New Jersey School Boards Association, Robert Harney, reviewed a detailed summary of actions taken by that body at its most recent Delegate Assembly. President Taffet thanked Mr. Harney for attending this conference and representing the Bloomfield Board of Education.

President Taffet then explained that a recess would be called during which the Board membership would be divided into three subcommittees, and, led by staff members, would conduct a planning session involving brainstorming techniques to begin to identify objectives for the school system.

A recess was declared at 9:20 p.m.

(Carried unanimously)

Upon motion of Mrs. Horowitz, seconded by Mrs. Cerone, the following resolution was unanimously adopted:

BE IT HEREBY RESOLVED pursuant to N.J.S. 10:4-13 and 10:4-12 that the Bloomfield Board of Education hold a closed session on December 21, 1982 at the close of the scheduled meeting regarding an individual student matter.

It is expected that the discussion undertaken in this closed session cannot be made public in the foreseeable future.

A conference of the Board followed and the following topics were considered:

Plans for a Board yearbook photograph to be taken on January 10, 1983, a complimentary letter from the parent of a child attending the Bloomfield High School pre-school laboratory which is part of the Child Growth and Development Program there, and a letter of thanks from Board member Kenneth Greene for a retirement dinner given in his honor.

Superintendent Morris reviewed a memorandum to the principals of the Bloomfield Public Schools giving directions for the implementation of Assembly Bill 1064, the Moment of Silence Bill, to begin on January 3, 1983.

Superintendent Morris also reported to the Board on the progress of a staff recommendation for the disposition of property at Fairview School, the fact that the Report of Limited English Proficient Students and an ESL Program Plan update had been accepted by the Office of the County Superintendent of Schools and by the Bureau of Bi-lingual Eduation.

A discussion followed regarding the Academically Talented Program in the Bloomfield Public Schools.

There being no further business to come before the Board, this meeting was adjourned at 9:43 p.m.

Respectfully submitted,

Richard L. Harvey
